Naples Firm Recognized as Top Guns Manager by PSN for 3Q2015

Naples, FL, November 18, 2015 – Quantitative Investment Decisions (QID), LLC, located at 999 Vanderbilt Beach Road, Suite 207 in Naples Florida 34108 announced that it has been recognized with Top Guns status for its Tactical Global Rotation Strategy by Informa Investment Solutions' PSN manager database for 3Q2015. QID is a Florida registered investment advisor that was formed as an institutional money management firm from Capital Rock Advisors and Santangelo Research and Investment Management. The firm is managed by Ron Santangelo, CIO, and long-term Florida native Brad Campbell, portfolio manager.

The QID Tactical Global Rotation Strategy (TGRS) provides exposure to global equity. The unique attribute of the strategy is a built-in downside loss protection mechanism that provides signaling to raise cash and reduce equity exposure during volatile market periods.

Utilizing a proprietary blend of Informa Investment Solutions' top priority performance screens, PSN Top Guns ranks products in six proprietary star categories in over 50 universes. This is a highly anticipated quarterly ranking and is widely used by institutional asset managers and investors.

According to Ron Santangelo, "Receiving the Top Gun award is significant in that only five managers out of hundreds receive the award each quarter in one of the 6 ETF strategies recognized by Informa/PSN. To be recognized as one of the top managers in our area of expertise is a tremendous accomplishment and continues to validate our recognition as one of the top emerging managers in the U.S." Brad Campbell added "QID develops and manages strategies that are based on our belief that investors are LOSS, rather than RISK averse. By providing a disciplined method for limiting extreme drawdowns, investors experience a higher degree of confidence to stay fully invested through market cycles resulting in a greater probability of successful long term wealth accumulation".

QID manages a global equity, U.S. equity, International equity, Fixed-Income, Alternative assets and diversified allocation strategies. QID's ETF Tactical Rotation strategies are currently available through the Charles Schwab Managed Account Marketplace".
